

Detroiters Against Christian Nationalism

- **Committed to preserve and protect:**
 - ✓ Constitutional rule of law for all (with no one above) within a more representative democracy, featuring freedom of religion
 - ✓ The First Amendment and the rights set forth therein, including separation of church and state per the Establishment Clause, respecting diversity of people and faiths
 - ✓ Christian love-based values independent of government favor or influence
- **Committed to stop** (against, for example, the disappearing of people):
 - ✓ Extreme, fabricated vengeance-based hegemony that is working to dominate politics, economics, and the culture, using false pretenses (lies) and thievery
 - ✓ Flagrant government-oligarch violation of law delivering minority rule and working-class plight
 - ✓ False manipulative anti-Christian narratives serving racism and subjugation of the people
- **Do not consent and do not accept normalization of devious “Christian” nationalism: our affiliations**
 - ✓ BJC: Christians Against Christian Nationalism
 - ✓ Palm Sunday Path
 - ✓ Jesus, à la Matthew 25
